

Accounts Receivable Eligibility Exhibit

Closing-set working copy accompanying Amendment No. 2 - invoice-level borrowing-base definitions

CLOSING-SET COPY - EXECUTED AMENDMENT CONTROLS

1. Starting population

Document page	1 of 4
Reference	ARM-USBank AR el-01
Control note	Reconcile to current accounting records before use

- 1

Begin with gross open trade accounts receivable as of the reporting date.
- 2

Retainage and other amounts not then due under the underlying contract are ineligible.
- 3

The borrower must retain invoice-level support and customer identity for every included balance.

2. Eligibility exclusions

Document page	2 of 4
Reference	ARM-USBank AR el-02
Control note	Reconcile to current accounting records before use

- 1

Exclude invoices more than 90 days from invoice date.
- 2

Exclude government receivables without an acknowledged assignment acceptable to the lender.
- 3

June 30 debtor schedule - City of Riverton Facilities Bureau: acknowledged assignment is on file and acceptable to the lender.
- 4

June 30 debtor schedule - Redmond Unified School District: acknowledgment remains outstanding; no acceptable assignment is on file.
- 5

June 30 debtor schedule - Port of Portland Aviation: acknowledged assignment is on file and acceptable to the lender.
- 6

June 30 debtor schedule - Oregon State University - Capital Planning: state-government debtor; no acceptable assignment or acknowledgment is on file.
- 7

June 30 debtor schedule - Deschutes County Public Works: acknowledged assignment is on file and acceptable to the lender.
- 8

Columbia Biologics dispute scope: ARM-2318 only. Other Columbia service invoices outside ARM-2318 remain subject to the normal eligibility tests.

3. Concentration and advance

Document page	3 of 4
Reference	ARM-USBank AR el-03
Control note	Reconcile to current accounting records before use

- 1

Calculate pre-concentration eligible receivables after all item-level exclusions.
- 2

Limit each customer to 25% of that pre-concentration eligible pool.
- 3

Apply an 80% advance rate to the post-concentration eligible amount.

4. Document control

Document page	4 of 4
Reference	ARM-USBank AR el-04
Control note	Reconcile to current accounting records before use

- 1

The executed amendment controls over this extracted exhibit if any wording differs.
- 2

This copy does not waive any lender discretion, reserve or reporting requirement.
- 3

Finance should reconcile the resulting borrowing base to the invoice population and retain every exclusion reason.

Closing-set reference only. The executed agreement and amendment remain controlling.
